

Letter from the Chairmen

Dear Colleague,

The Organizing Committee takes great pleasure in inviting you to participate in the First International Symposium on Progress in Acute Coronary Syndromes, which will be held on October 25-27, 2007 in Rome, Italy.

The meeting will provide a comprehensive update on acute coronary syndromes in all their aspects from, basic science to clinical issues and secondary prevention, including latest clinical trials' results and new guidelines; the new frontiers in interventional cardiology, treatment of major complications, and new approaches to the surgical management will also be discussed.

All lectures will be delivered by a distinguished international faculty, while a large number of selected free communications will report new data from both basic research laboratories and clinical centers around the world.

We look forward to welcoming you to the First International Symposium on Progress in Acute Coronary Syndromes in the fascinating city of Rome in October 2007.
